Clark Library University of Portland	Call Numbers	http://library.up.edu 503-943-7788 library@up.edu

Each book in the library has a unique call number, which is assigned based on the Library of Congress classification for the main subject covered by the book. A call number is like an address because it tells us where the book "lives" in the library. All books except for Reference are on the library's lower floor. Reference books are on the library's main floor.

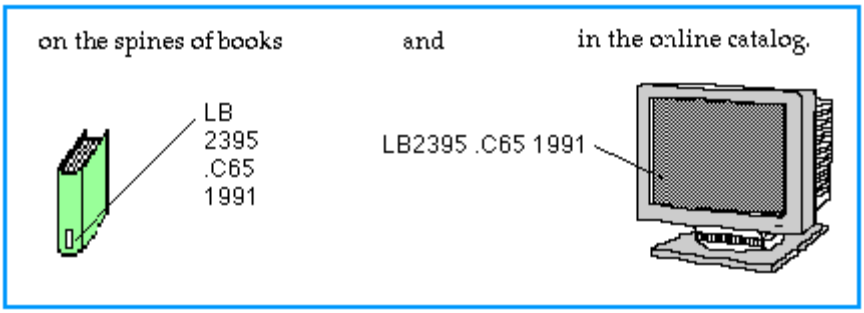
The library staff can retrieve books for you. To request *most books, DVDS, CDs, and Kits:*

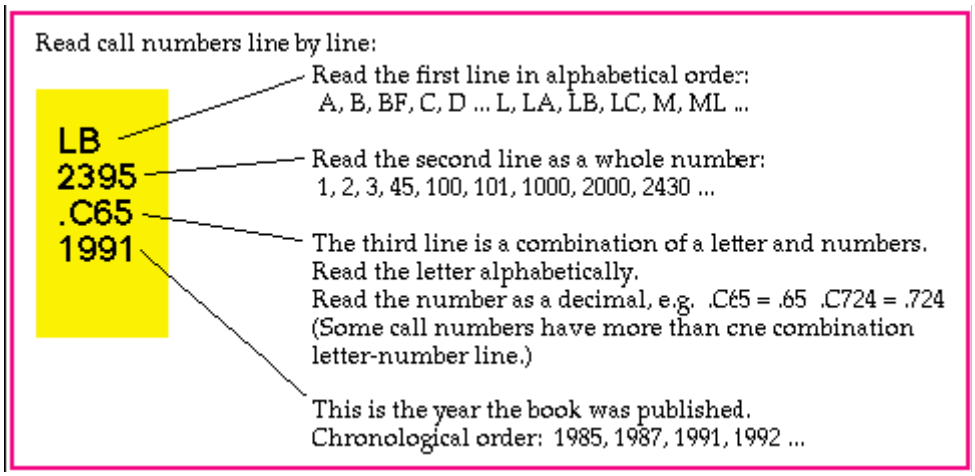
Find the items you want to request in **UP Library Search**, after you select "UP Only" from the drop down menu.

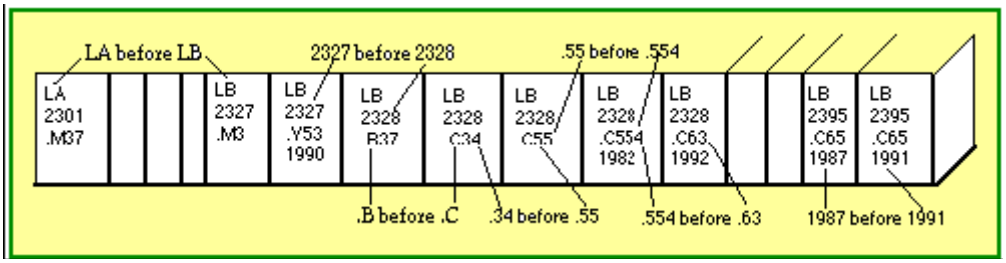
Choose the "Find or Request" button, then "Request" to send your request.

If not signed in, select "Find or Request", then "UP users login to request item"

Call numbers appear:







LIBRARY OF CONGRESS CLASSIFICATION
